# Made in Germany and Austria since 1977.

The foundation of Parador has been to provide the very best quality flooring to our clients. With a strong emphasis on craftsmanship and European production, our expertise and know-how has been handed down through generations, producing innovative designs to inspire our customers and enhance their interior spaces.

We offer different types of flooring including engineered wood flooring, laminate flooring, vinyl flooring and our eco-friendly design flooring Modular ONE. A vast range of surface finishes, wood gradings, colours, formats, designs and textures ensure that our collection will suit and enhance any living interior, whether for commercial or residential.

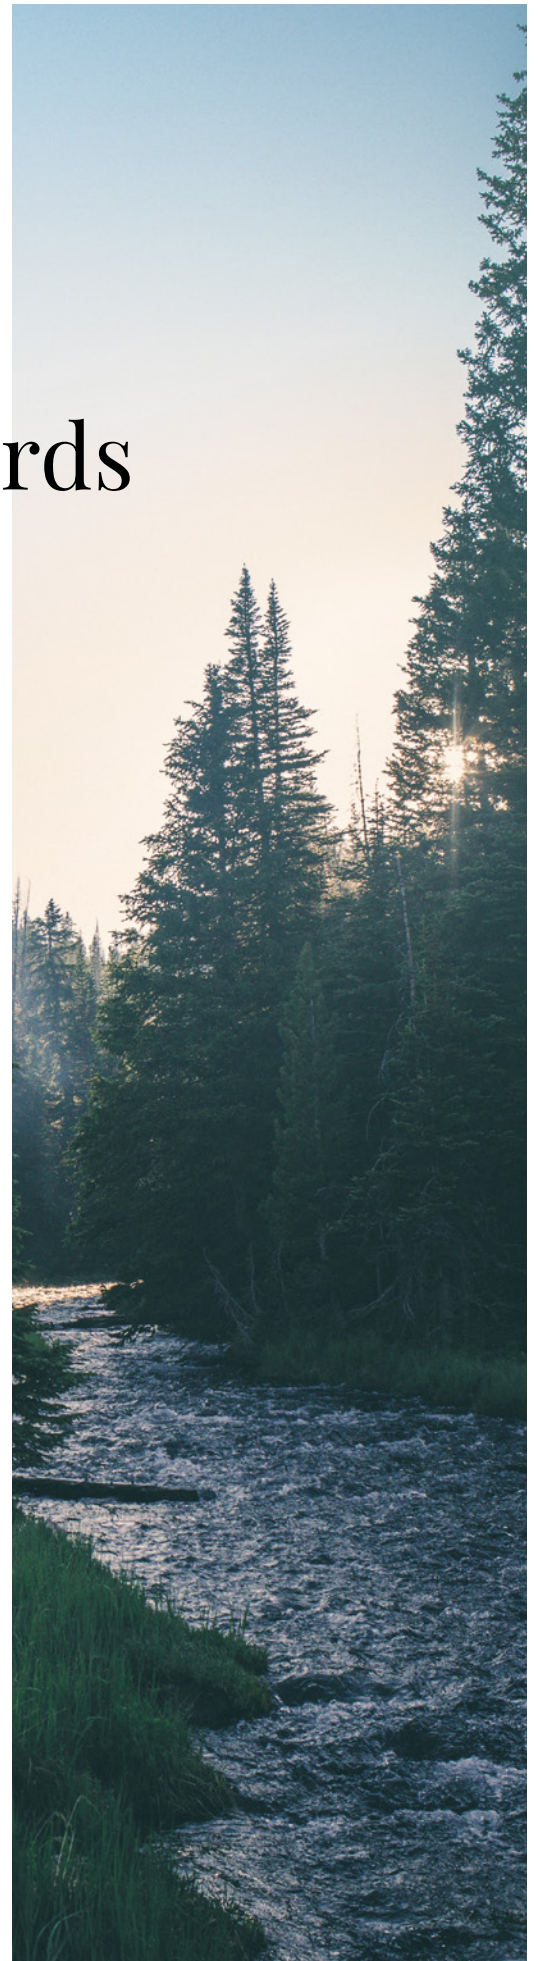

# Setting standards and taking responsibility.

Our two production sites in Germany and Austria are at the heart of Parador. With sustainability at the fore, we manufacture floorings with the highest quality and design. With decades of expertise, our precision and craftsmanship are unrivalled. We are committed to constantly improving how we behave and manufacture to ensure minimal impact on the environment. Our ecological standards are high, we operate with a transparent supply-chain and we have a holistic approach to everything we do.

- › Reducing CO2
- › Responsible production
- › Recyclable packaging
- › Combined transport routes  
train/truck

# Timeless, sophisticated and elegant

Engineered wood flooring | Trendtime 10 | **Oak matt lacquer white** | 1748487

## Townhouse

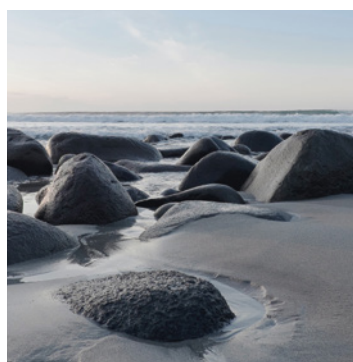

Inspired by the great industrial visionaries of the 19th century, this collection draws its inspiration from the architectural delights of the époque. Herringbone and Chevron are the formats we recommend because they offer such a unique style that lifts any interior and lasts the test of time.

Vinyl flooring | Trendtime 5 | **Stone Trafalgar light grey** | 1748846

# Minimal, open and innovative

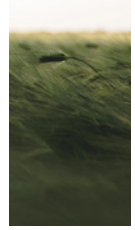

## Modern

For the minimalists and those inspired by avant-garde, our Modern Collection comprises a truly contemporary interior: large windows, open living spaces, concrete and marble mixed with light and dark wooden tones.

Be inspired by our  
**different styles** and  
**collections.**

# Rustic, cosy and natural

Laminate flooring | Classic 1050 | **Oak Mont Blanc natural** | 1748724

## Countryside

Inspired by picturesque villages in the English and French countryside, this collection embodies a rustic feel with a modern twist. Flooring in soft warm tones in honey colours with broad wide plank and chateau plank formats are a favourite for anyone looking for the country feel.

Modular ONE | **Larch Apollo white** | 1748713

# Organic, light and inviting

## Chalet

Invite the beauty of nature into your interior with our Chalet collection. Imagine, extra-large windows with a mountain view, open living spaces with cosy armchairs surrounding a fireplace. For the flooring, wide planks in light tones with large organic grains showing are perfect for the Scandinavian inspired interior.

Be inspired by our  
**different styles** and  
**collections.**

The strip planks of our wooden chevron have bevelled head edges at a 45° angle. By using left and right bars (A+B), the blocks form a continuous „V“, making chevron flooring so distinctive.

Recommended skirting decor.

4V = with 4-sided bevel | M4V = with 4-sided mini-bevel

No two **engineered wood floors** are the same. Yet as wide as our range of textures and gradings, planks and colours is, all Parador engineered wood floors have one thing in common: they combine stability, craftsmanship and natural beauty to make a **floor for generations**.

## Living responsibility

We are continuously certified by independent institutions. Production and product quality go beyond statutory requirements because we believe in going the extra mile to ensure we are as responsible and effective as possible.

### Our finishes

With Parador you can choose between natural oil, natural oil plus and a multi-layered lacquer finish. Whether you opt for lacquered or natural oiled engineered wood flooring, is (almost) purely a matter of taste. Here are the benefits at a glance.

#### natural oil

The natural character of the wood is accentuated. Its own patina develops with optimal protection.

#### white natural oil

In addition to natural oil: adjustment of colour and textural nuances in the wood by white colouring.

#### natural oil plus

The special protection creates a robust surface and increases performance and longevity.

#### white natural oil plus

In addition to natural oil plus: adjustment of colour and textural nuances in the wood by white colouring.

#### matt lacquer

The protective matt lacquer with the natural matt look of an oil treatment emphasises colour and texture.

#### white matt lacquer

In addition to matt lacquer: adjustment of colour and textural nuances in the wood by white colouring

#### extra matt lacquer

The extra matt lacquer finish creates an even matter gloss level.

#### extra matt lacquer professional

The lacquer finish suitable for the contract sector combines the best possible long-term protection with an extra matt look. A high-performance seal for spaces in high foot traffic locations.

**Every wooden plank is unique.** Made from natural wood, our engineered wood floors are available in many different **wood grades and surfaces.**

**Select**

Harmonious structure with minimal colour nuances.

**Natural**

Natural, balanced overall effect.

**Classic**

Vivid spectrum between harmonious, natural and original look.

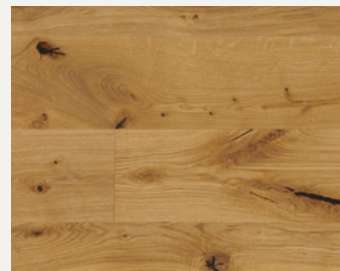

**Living plus**

Vivid appearance and characteristics of original wood without sapwood.

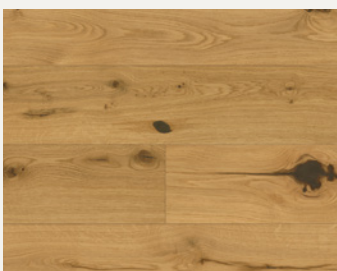

**Living**

Vivid appearance and characteristics of original wood with sapwood.

**Rustic**

Knotty appearance with obvious colour variation and visible grain.

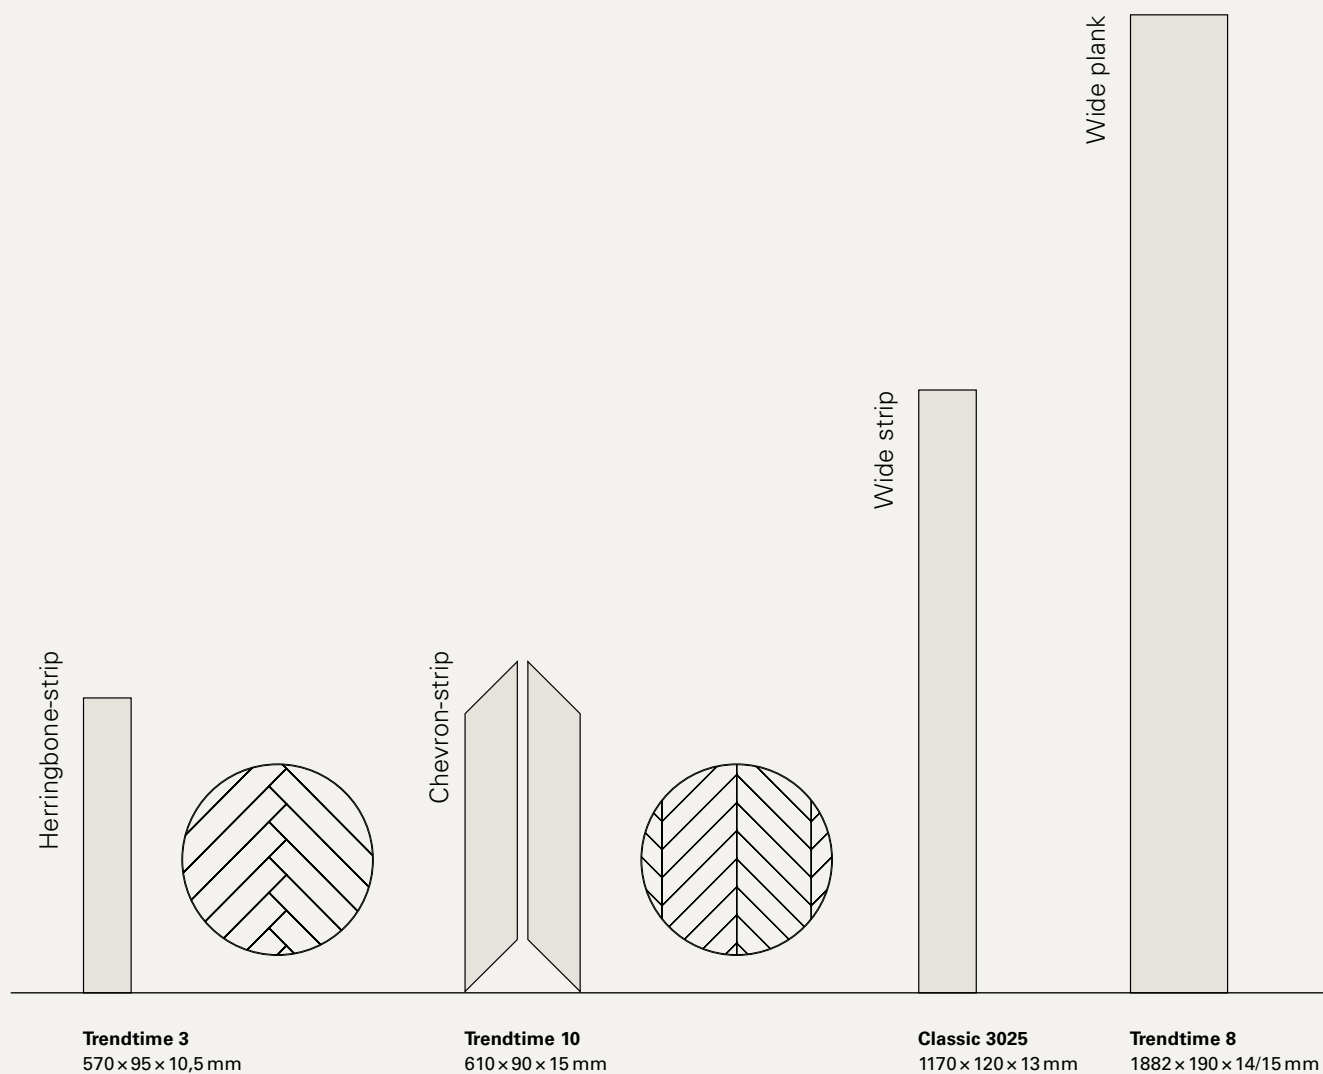

**Character**

Original, rustic wood appearance with larger knots and striking differences in colour and structure.

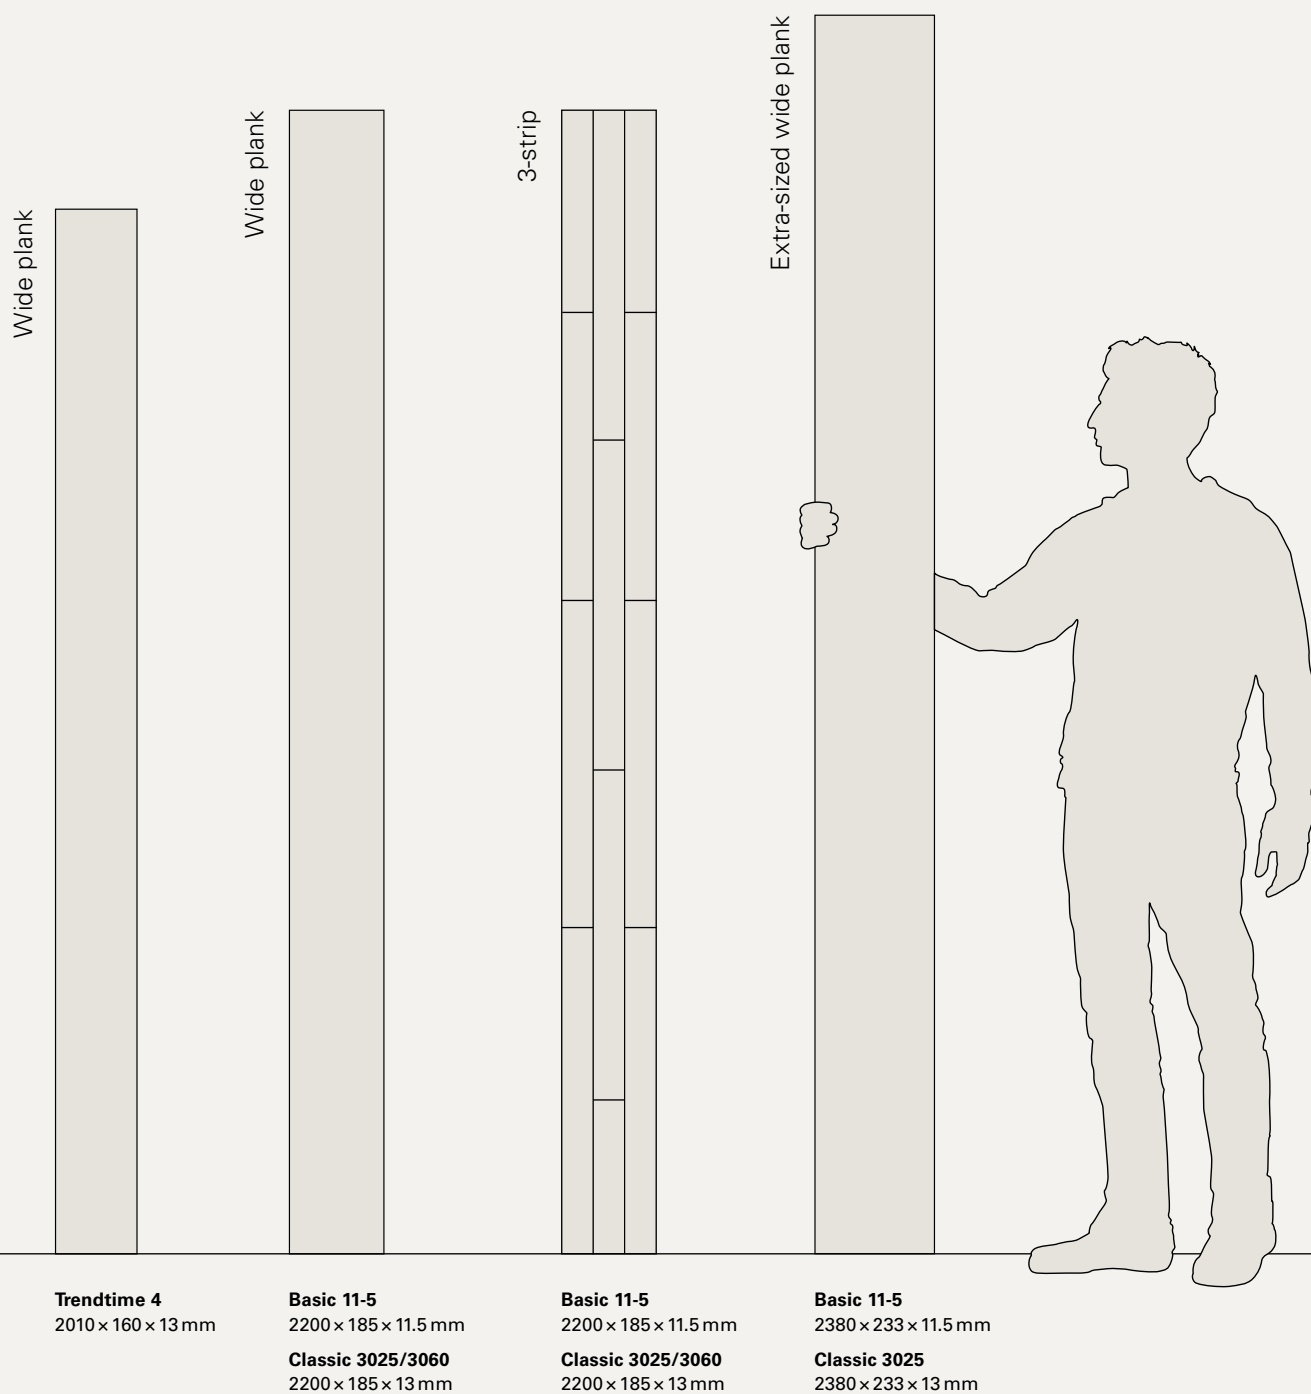

The photos show an extract of the natural wood features and colours. For details about the product and the range, please refer to the technical data sheets on our website.

## Plank formats

Our collection is available in many different plank formats, from chevron and herringbone to extra-sized wide planks, wide planks and more!

Discover all  
the technical  
features on our  
website.

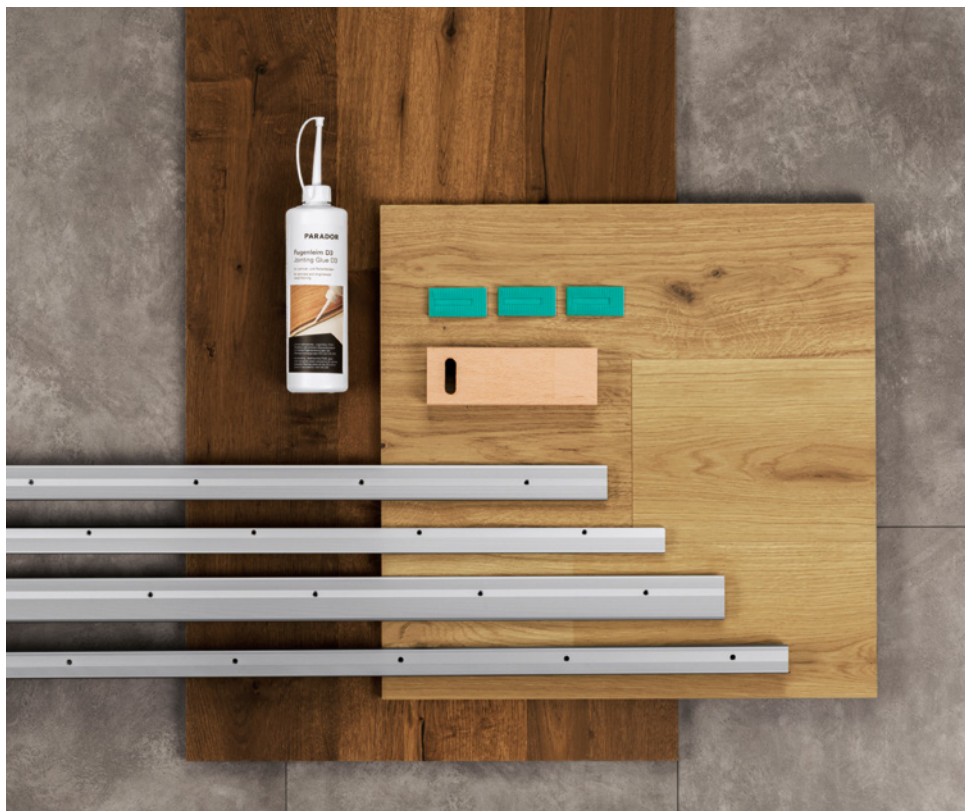

### Underlays

Parador floors can be optimally installed for any application: our underlays even-out small bumps and at the same time provide high compressive strength. With an integrated moisture barrier, the right product ensures the necessary moisture protection in case of mineral substrates.

[parador.de/en/accessories/underlay](https://parador.de/en/accessories/underlay)

### Cleaning, maintenance and repair

When it comes to cleaning and maintenance, our accessories offer the same level of high quality as our flooring. Parador care accessories ensure a particularly long life cycle for the flooring, and with the Parador Premium repair set, minor damage is soon rectified.

[parador.de/en/care](https://parador.de/en/care)

Discover all the technical features as well as information on installation and how to care for our floors on our website.

**It's all in the detail:** Parador offers the very best service and provides the **exact matching accessories** for installation and care.

#### **Skirting boards**

Parador offers a wide range of matching skirtings for a harmonious look to any flooring product. Alternatively, the colours stainless steel, white and black or a primed surface for customised painting, give the opportunity to create a unique look. Parador skirtings are easy to fit with clip technology (optional adhesive in adhesive groove). Our choice of caps complete the range to perfection.

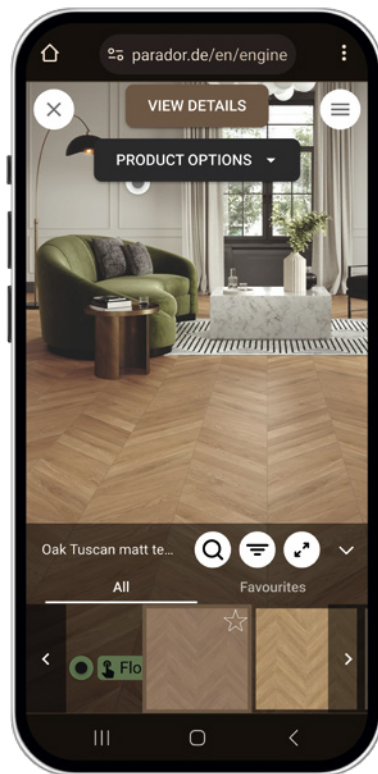

[parador.de/en/skirtings-accessoires/skirtings](https://parador.de/en/skirtings-accessoires/skirtings)

#### **Profiles**

Parador profiles combine, bridge and create finishes for perfect flooring aesthetics. As transition profiles, they connect floor coverings of the same height and expansion joints. Adapting profiles are used for the transition between different high floor coverings. End profiles create clean borders with tiles, door sills and French windows.
